**2023 Canadian Symposium on the Use of Emerging
Technology in Aquatic Safety Supervision**

**Agincourt Community Centre
31 Glen Watford Drive, Toronto
(Midland Ave./ Sheppard Ave. E.)
9:00 am – 4:00 pm ET**

– option to attend in-person or virtually –

This one-day symposium, hosted by the Ontario Branch of the Lifesaving Society, will provide owner/operators with information and tools to enhance safety in supervised aquatic settings.

Topics include:

- Framing drowning trends in supervised settings
- Designing the safest facility
- Current operational practices that have been proven to reduce drownings
- A global review of the current situation – what technology is available right now and where is it going
- Regulatory standards and positions on the use of technology
- Legal implications and personal privacy
- Technology – development of a connected lifeguard station
- Panel discussion – and symposium recommendations
