

Instructor/Coach Points List

This Points List is for INSTRUCTORS and COACHES only. Points from this list will recertify eligible instructor and coach awards. Use the Points List for the highest award you hold.

In order to recertify you must earn a total of 4 points – with a minimum of 2 points from the **Mandatory Category**. Other points can be earned from either the Open or Mandatory Category. Unless otherwise marked, eligible items may be used more than once to recertify. Example: Teaching two separate Bronze Star courses equals 4 points.

Use this list as a reference when recertifying online. List each item used to recertify on your [Leadership Recertification Form](#).
