

Examiner/ Examiner Mentor Points List

This Points List is for EXAMINERS and EXAMINER MENTORS only. Points from this list will recertify an examiner's eligible instructor, coach and examiner awards. Use the Points List for the highest award you hold.

In order to recertify you must earn a total of 4 points – with a minimum of 2 points from the **Mandatory Category**. Other points can be earned from either the Open or Mandatory Category. Unless otherwise marked, eligible items may be used more than once to recertify. Example: Examining two separate Bronze Medallion courses equals 4 points.

Use this list as a reference when recertifying online. List each item used to recertify on your [Leadership Recertification Form](#).
